Portal Page

Employees can now set up their Employee Payroll Direct Deposit from Employee Self-Service (ESS).

The employee's direct deposit information is global and applies to all San Diego County School Districts an employee is employed by.

Multiple banking institutions for deposits may be selected. The distribution of amounts for each banking institution is applied in the same manner for all employers.

When you add a new row to change a direct deposit there is no need to re-enter the additional deposits. All prior row information is carried forward to the new row. If you need to stop one bank account, just delete it from the new row. You do not need to first inactivate the old direct deposit.

Disclaimer about Direct Deposit Process

This disclaimer is on the main Direct Deposit screen. Please READ.

Contact your Payroll Department to find out the Direct Deposit deadline for the current month.

We added additional security to this Direct Deposit screen. **A passcode verification is now required** before you can access your bank information to make changes. The additional security also requires an MFA phone number to receive a verification passcode and a primary email account to receive change notifications. The MFA phone number must be set up 30 days in advance of making a change to your bank information. To set up your MFA phone number, go to the ESS Home screen, and click on Personal Details > Contact Details. To set up your primary email account, go to the NavBar, and click on My Profile.

Disclaimer: I hereby authorize the School District(s), Charter School(s) and the San Diego County Office of Education (SDCOE) and/or their agents, to initiate electronic deposits via the Automated Clearing House (ACH) and, as necessary, to debit corrections to previous deposits, to the account(s) specified below.

- By entering my bank information I am authorizing to deposit my paycheck directly to the bank account(s) specified.
- All new accounts may go through a Pre-note verification during which time a paper warrant shall be issued.
- It is my responsibility to keep apprised of any deposit(s) made to my account(s), including the date(s) and amount(s) of any such deposit(s).
- It is also my responsibility to update My Profile email address in order to receive notifications of changes to my direct deposit bank account(s). I will notify my payroll administrator of any issues.
- I understand that I have only one direct deposit record for all active positions within a San Diego County School District, Charter School, or SDCOE, even if I am employed by more than one of these employers.

I agree to hold harmless and indemnify the School District(s), Charter School(s), and SDCOE and their officers, employees, and agents from any claim or demand of whatever nature, including those based upon negligence of the District, School or SDCOE and their officers, employees and agents for failure or delay in making deposits and/or corrections to deposits as authorized herein.

This authorization replaces any previous agreements made by me and will remain in effect until changed or canceled by submission of a new Direct Deposit Authorization to the District, School or SDCOE office in which I am currently employed. All District, School, and SDCOE assignments, both current and future, will automatically be linked to the most recent Direct Deposit Authorization received by my current employer(s).

IMPORTANT: Order of Accounts

Always check the Order numbers to be sure accounts are coming out in the correct order. This is what tells the system what to do when for distributing your paycheck.

Remaining Balance should always be **LAST** or the highest number when listing multiple accounts

Incorrect Order set up:

- Order #99 will take 10% to Savings1
- Order #100 will take Remaining Balance to Checking100
- Order #101 can NOT take \$500 for US Bank 1 because all the money was taken in Order #100

Things to note due to change in the Direct Deposit process:

- Remaining Balance or Balance of Net Pay **may not be LAST** or the highest number. When adding a new account, it will change to "Last," or you can change the Order number.
- Entries prior to July 6, 2020, **numbering could be random** and not sequential.
- When reordering, **system may only allow you to use the number you currently have**. In this case, change the numbers to correct sequence.

8. Click on **Reorder** button to change order. In this scenario, Remaining Balance account was already in the system (Order #1). Two additional accounts were added that became Order #2 and Order #3.
